to co-create one
common space,
to link up & come
together, to share
skills & spread
knowledge, to
nurture ourselves
and claim our
stake before the
few public
performers of the
Big Play.

1 open stage
in sync with the DOCUMENTA13/Kassel

Our vision goes beyond that of the traditional EuPC format – and yet embraces it at the same time.

We're calling out into Europe to come in delegations and share your message in the Big Circle, to play an active role on the Open Stage of the EuPC 2012.

Already gladly receiving your offers, themes and co-creations, we're extremely happy to merge them into a fine framework of workshops, presentations, plays and market stalls with enough Open Space to entertain the unknown.

More than 40 people used their chance to attend both the International Permaculture Design Course AND the EuPC on European Funding! This special offer is now booked out!

Welcome to consider the opportunity of building up the AfterCon-week, a landscape of YOUR courses, events & workshops in the region for people to stay on

or join one of the AfterCon-Site Tours, two merry journeys to Permaculture places & communities, living architecture and remarkable people in Germany.
